RE: WATER SHUTOFFS & COVID-19

Effective today (3/13/20) the City is suspending water shutoffs due to non-payment until April 30, 2020. Due to the potential spread of COVID-19, there is an increased emphasis on hand-washing. With this in mind, we will not deprive residents of this while this crisis continues.

Also, effective today, DPW personnel is directed not to enter the homes of any residents to perform any utility related maintenance unless it is absolutely necessary. City administration will re-evaluate the status of this on a weekly basis.
